The Bodleian offer access to in-depth research level collections on a reference-only basis. The extensive printed and manuscript collections in the Bodleian have developed over the centuries and cover all subject areas. As a Copyright Library the Bodleian receives a very large proportion of UK material through legal deposit.

Alongside the Bodleian Library, there exists a system of faculty and departmental libraries. Admissions policies to college libraries vary depending on the individual college.

The Application Process:

United Kingdom Country Code: +44

UK's IDD International Prefix: 00

UK's NDD National Prefix: 0

Phone numbers are often written in this format: +44(0)1865-xxxx xxxx. This expresses the numbers used for both international and national long-distance calls. In the example, +44 indicates the country code, while (0) indicates the NDD. When dialing from outside the country, the NDD would not be used after dialing the country code; when dialing from within that country, the NDD would be used, but the country code would not.
